If you'd like to order a take away meal, please call 01609 881351
with your order and phone number.

Please do not come into the pub to order.

We will telephone you to let you know when your order is ready as close to the time requested as possible. Please arrive promptly to collect your order to enable us to serve everyone without too much delay.

Payment by card is preferred.
Please bear with us at busy times.

Only one customer will be allowed in the pub at a time to collect their order.

If you would like any beer, lager or cider to take home with you bring your own container and we can fill them for you.

We have bottled soft drinks, lager and wine available too.

We would like to thank you for the overwhelming support you have given us in this difficult time.

Stay Safe.
